Notice to Contractors.

The Board of Aldermen of the City of Hayti, Missouri, will receive bids for the construction of concrete sidewalks along and in front of the following property in the city of Hayti, Pemiscot county, Missouri:

Along the west side of lot seven (7), in block twenty-eight (28), of the original town except fifteen feet off the north end of said lot.

Along the west side of and in front of lots one (1), two (2), three (3), four (4) and five (5), in block fifteen (15), original town.

Lots one (1) and twelve (12), in block sixteen (16), original town.

Lot twelve (12), in block twenty-three (23), original town.

Lot eighteen (18), in block thirty-six (36), original town.

Lot one (1), in block forty-one (41), original town.

Lot three (3), in block thirty-nine (39), original town.

Lot three (3), in block thirty-three (33), Oates addition to original town.

Lot three (3) in block thirty-two (32), Oates addition to original town.

Lots four and five (4 and 5), in block thirty-seven (37), Oates addition to original town.

Lots nine and ten (9 and 10), in block thirty-six (36), Oates addition to original town.

Lot one (1), in block thirty-eight (38), Oates addition to original town.

Said sidewalks to be constructed according to the following specifications:

Excavate four inches below the grade line, said grade line to be furnished by the Mayor or city engineer. Set forms of two by four inch wood or regular steel forms, with top of forms to the grade line, outside form to be one inch lower than inside form; four feet apart; fill forms three and one-half inches with concrete grout, composed as follows: One part cement, three parts sand and five parts crushed rock, mixed twice dry, and turned two times while wetting; wet sufficiently to tamp to a compact body; cut grout in blocks containing not over thirty square feet to the block, and while the grout is still moist put on the top or finishing coat one-half inch thick, composed as follows: One part good, strong, Portland cement, one part good, clean sand, and one part crushed rock that will pass through a number four screen; trowel to a smooth surface and block off, making joints directly over where grout is cut; use a regular edger along all edges, and groove the joints with a regular groover. Work must be done in a first class workman-like manner, and protected against weather and traffic for forty-eight hours after completion.

Sealed bids will be received up to 7 o'clock p. m., October the 5th, 1916, and opened at the regular meeting of the council on that date. All bids must be on each lot separately, and the contract will be let to the lowest and best bidder, and the contracting party will be required to take in payment for any and all work contracted for, special tax bills against the property, and the city not held responsible in any way for the payment of any work done.

The Board of Aldermen reserve the right to reject any or all bids.
R. W. BROOKS,
Street Commissioner.

The school board took on city airs one day last week and had the old fence around the public school removed. This was the proper thing to do, and no doubt the citizens will appreciate their thoughtfulness in this matter. It improves the appearance of the grounds and buildings at least 25 per cent, and now let the city board take a like lesson and remove the old fence from around the city hall. We understand the school board gave the fence to have it removed, and why not the city council do the same? What about it, citizens, don't you think it a pretty good plan?

"Uncle" Billy Teel, one of the respected citizens of the Concord neighborhood, happened to the accident of getting a severe cut on the heel last Friday. He was mowing in the field and in some way got in front of the sickle, with the above result.

The Universal Implement

THIRTY years ago the telephone was a luxury. Today, through personal initiative and private enterprise, it has become a necessity within the reach of everybody. Where once a business had but one telephone with a limited talking range, today that business has a service with a range across the entire continent, and every branch of every business is linked to every other by an intercommunicating telephone system.

The telephone has earned its responsible place and there are now 9,000,000 Bell telephones in this country, over which go 28,000,000 talks daily.

Every Bell Telephone Is a Long Distance Station

The Southwestern Telegraph and Telephone Company

DO YOU OWE ME?

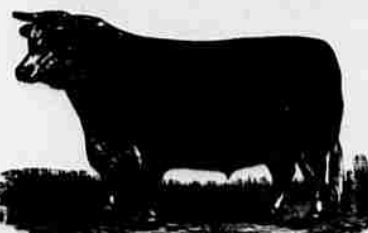

If so, kindly come in and settle at once. I have sold my entire stock and will close out Oct. 1, and must ask that my debtors settle immediately. Your credit is your capital, and it should be protected. I dislike to turn your name in as a slow customer, but will have to do so unless you pay at once. I need the money, and you should pay for the goods you bought. Let me urge you to pay immediately or I may be forced to take action. Let me see you at once.
